The SAPT and consultants reviewed the Dream Workshop PowerPoint presentation. SAPT members and consultants offered suggestions to add to the presentation and layout of the Workshop. Karen and the consultants will refine the PowerPoint presentation.

SAPT members offered a number of suggestions to the consultants regarding the scenarios, including:

- Using more visuals, especially from the street perspective,
- Including more retail in the scenarios,
- Including a mixed-use or multi-use scenario option,
- Including visual options that reflect streetscape or community space choices,
- Including more options for the south side of Valley View
- Using a better balance of previous community feedback along with market research in developing the scenarios,
- Avoiding jargon during the presentation and in the presentation materials, and
- Trimming back the amount of detail in the presentation.

Pete asked the SAPT to send their suggestions for scenarios to him and he will produce new scenarios to share with the SAPT at our next meeting.

There will be another SAPT meeting on November 5, 2014 at the Community Room at City Hall at 6:00pm to review the revised workshop materials.
